

GRADE 12 POST-SECONDARY RESEARCH SEMINARS

The following College and University Information Seminars will address several areas:

- 1. Important dates, procedures and concerns about the application process**
- 2. Understanding how applications will be considered by schools - marks that will be used, pre-requisites that will be considered, supplementary applications that will be required, portfolios or auditions that might be required, etc.**
- 3. Things to consider in choosing an appropriate school and program to meet your post-secondary needs... size, location, residence structure, coop, etc.**
- 4. Research tips.**

Below are the dates and locations of the College and University seminars. Sign up in guidance for the most suitable seminar for your schedule and destination:

Tuesday September 29th:

12:15 University Information Session Room 109
