

## **PICK APPLES FOR THE FARE SHARE FOOD BANK**

Three student volunteers are needed to help pick apples at the **Burnham farm**, to be donated to local Food Banks. If you are interested in helping get much-needed fresh produce to local Food Banks and would enjoy a few hours of good manual labour in a beautiful orchard setting, this is the job for you! The picking starts next Tuesday (day after Thanksgiving!) so you need to call right away if you're interested. Apples will be picked one day per week, for 2-3 hours each time, until the end of October. Some volunteer help will then be needed to load and distribute the apples to the Food Banks throughout the month of November.
